

CHOOSING THE RIGHT RING SIZE

At 77 Diamonds, we understand the importance of getting the correct ring size, especially when it comes to surprise proposals.

WHERE DO I START?

There are a number of easy methods to find the correct size if a surprise isn't required:

1. Go into any local jewellery store and have your finger size measured
2. Contact Customer Care for a free finger sizer sent to you by post (UK customers only)
3. Visit our showroom for an accurate finger size measurement (by appointment only)

Keep in mind:

- Fingers tend to react to temperatures, and can change size depending on the weather.
- Make sure you measure your size when it isn't too cold or too warm.
- If you're stuck between two sizes, always aim for the largest size for comfort.
- An ideal time to measure finger size is towards evening, when most people's fingers tend to be at their largest.

WHAT IF I'M PLANNING A SURPRISE PROPOSAL OR GIFT?

If you are unsure of their ring size, we do offer the option to select 'I'm unsure' at checkout. For your peace of mind, we'll produce your ring to a standard size (between K1/2 to M). You can then have it resized within 30 days of purchase if it doesn't fit.

If you wish to find their correct size yourself, you can follow our at-home methods for measuring finger size without giving away the element of surprise. To learn more, please visit www.77diamonds.com/engagement-rings/ring-size-chart

Keep in mind:

- Women's ring sizes typically range from G to R. The most commonly purchased are sizes L and M.
- Men's ring sizes typically range from P to Z. The most commonly purchased are sizes Q, R and S.

WHAT IF I GET IT WRONG?

That's ok! Any manual method for determining ring size at home may result in inaccuracies. With this in mind, we offer a 30-day return policy with complimentary resize.

Once you have determined the correct measurement, simply send your ring back and we'll resize it by hand in the 77 workshop. Please remember to inform [Customer Care](#) prior to sending your ring.

Keep in mind:

Resize terms outside the 30-day return policy depend on selected products. Some designs, such as full-set eternity or engraved rings, cannot be resized. You can find full terms and conditions at www.77diamonds.com/terms-conditions

INTERNATIONAL RING SIZE CHART
