

77 DIAMONDS

A Touch of Brilliance

Printable Ring Sizer

Before measuring your ring, make sure this ring sizer is printed in A4 and scaled to 100% by placing a credit card on the line below.

If your card lines up, you're all set to make your measurement.

INSTRUCTIONS

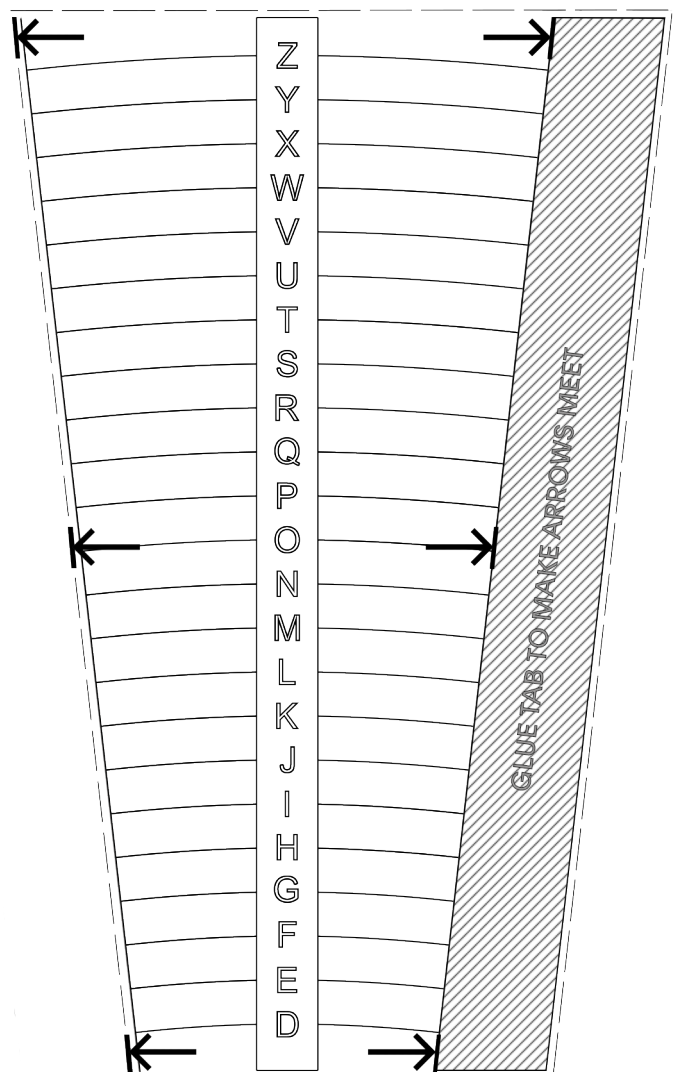

Find a ring that fits comfortably, preferably one you wear on the same finger you plan to wear your new ring.

Cut out this ring sizer by following the dotted line. Glue the striped tab under the opposite side of the ring sizer so the arrows on either side meet.

You'll end up with a cone-shaped paper cutout. Slide the ring along the cone until it sits comfortably.

Your size will be indicated on the first line the ring reaches. If your ring falls between two sizes, it's always best to size up. You can also ask your jewellery consultant to mark your ring as half a size.

Please note this table is set to UK measurements — you can convert your size to any other measurement by using our [online size converter](#).

At Your Service

Our dedicated jewellery specialists are here to assist with any enquiries you may have. For personalised guidance, contact us at sales@77diamonds.com or call +44 (0) 20 3540 1477.
